LICENSE

For and in consideration of membership in good standing of The Open Group IT4IT Forum or, in the case of non-members, payment of the applicable annual license fee stipulated above, The Open Group grants the organization ("the Licensee"), that wishes to use the methods, resources, and associated documentation suite known as The Open Group IT4IT™ Reference Architecture Version 2.1 and all earlier versions ("**the Documentation**"), a non-exclusive license **for any purpose (including use for commercial gain) subject to Clauses 1 to 8 below**, provided that:

- A. The Licensee has paid the Annual License fee relating to commercial use of The Open Group IT4IT Reference Architecture Version 2.1;
- B. All existing copyright and trademark notices are retained in all copies or extracts of the Documentation; and,
- C. All existing copyright and trademark notices appear in all supporting documentation

By way of example, commercial purposes include but are not limited to developing an IT4IT architecture, software or tools for use within another organization, providing IT4IT based consultancy, expertise, or training services. Where this license is granted to an Academic member, its scope is limited to its Faculty. The following conditions apply to the use of the Documentation:

1. COMMERCIAL USE

- A. The Licensee Organization may use the Documentation internally for any purpose, including use involving commercial exploitation of the Documentation. In particular, the Licensee Organization may use it to develop an IT4IT architecture, products or services for use within one or more other organizations, or to develop derivative works (subject to the conditions listed below) to support the Licensee Organization's work in the field of IT4IT.
- B. For the purpose of this Agreement, "derivative work" shall mean any change to the Documentation or any new document that contains any portion of the Documentation. Licensee Organization shall retain all right, title and interest in the changes or additions it makes to the Documentation, but nothing herein shall be deemed to transfer any right, title or interest in the Documentation to the Licensee Organization. Furthermore, in any derivative work, Licensee Organization shall always fully acknowledge the right, title and interest of The Open Group in the original Documentation, and shall not claim or imply that any derivative work of the Documentation is the official IT4IT Reference Architecture Documentation.

2. REDISTRIBUTION PERMITTED WITHIN THE ORGANIZATION

- A. Redistribution of the Documentation, in part or in whole, to any permanent employee of the Licensee Organization is permitted, provided that:
 - a. All existing copyright and trademark notices are retained in all copies of the Documentation;
 - b. In any derivative works, The Open Group IT4IT Reference Architecture Version 2.1 (or the relevant earlier version) is acknowledged as the source; and,
 - c. All existing copyright and trademark notices and this License appear in all derived supporting documentation.

For the avoidance of doubt and purposes of this license, individual contractors, who do not represent themselves or offer their services commercially as IT4IT practitioners, consultants, or having IT4IT expertise shall be regarded as “permanent employees” of the Licensee Organization.

3. REDISTRIBUTION OUTSIDE THE LICENSEE ORGANIZATION

- A. Redistribution of the Documentation, in part or in whole, is not permitted to anyone who is not a permanent employee of the Licensee Organization, **except that**:
 - a. The Licensee Organization may reproduce parts of the Documentation in its external literature for the purpose of furthering its work in the IT4IT field (for example, in Requests for Product, or in other information communicated to potential service providers or product suppliers), provided that all existing copyright and trademark notices appear in all such external uses of the Documentation.
- B. In particular, contracting companies and individuals needing to use the Documentation in order to perform work for the Licensee Organization must obtain their own licenses.

4. PROTECTION OF THE OPEN GROUP INTELLECTUAL PROPERTY RIGHTS

If the Licensee Organization wishes to contract companies providing IT4IT services or individuals other than permanent employees to undertake work on its behalf using the Documentation, the Licensee Organization must use all reasonable efforts to ensure that such companies or individuals have a current commercial license for The Open Group IT4IT™ Reference Architecture (which they are legally required to have, in order to undertake such work). Notwithstanding the foregoing, in the event that there is use by a non-licensed services company, consultant or individual, then Licensee Organization has no liability.

The Open Group operates The Open Group IT4IT Certification program that enables companies offering products or services associated with The Open Group IT4IT Reference Architecture Version 2.1 and earlier versions to make a legally binding warranty of conformance with Product Standards relating to IT4IT. The use of such certified products or services is **not** a condition of this license. However, The Open Group strongly recommends that such certification be required by the procurer of such products or services, if deemed appropriate. Details of this and other certification programs of The Open Group can be found at: <http://www.opengroup.org/certification/>. For the avoidance of doubt, this license grants no rights over use of The Open Group certification trademarks.

5. TRADEMARKS

IT4IT is trademark of The Open Group in the United States and other countries.

Unlike rights derived from patents and copyrights, which provide protection for only a limited number of years, trademark rights can last forever. Trademark rights can also be lost forever. The exclusive right granted in a trademark is usually lost as a result of careless or improper use, usually by allowing the mark to be used as generic or descriptive words for products. All of the following were once valuable trademarks in the U.S.A.: aspirin, escalator, cellophane, zipper, shredded wheat, corn flakes and kerosene. All became common or generic words because their owners did not use them carefully and correctly and did not prevent the improper use of them by others. The clauses in this section governing the use of The Open Group IT4IT trademark are inserted to enable The Open Group to preserve these trademarks for the benefit of the community.

- A. The IT4IT trademark must never be superimposed on or used in association with other graphics or logos.
- B. The IT4IT trademark may not be used in conjunction with product names, domain names, app names, business names, logos and similar usage without prior permission from The Open Group.
- C. The first or most significant occurrence of the IT4IT trademark must be marked using the ™ symbol and must have the required attribution "IT4IT is a trademark of The Open Group in the United States and other countries" as a footnote. It is acceptable to use an asterisk in place of the trademark symbol where the medium used (for example, electronic mail) cannot reproduce the ™ symbol. However, this does not authorize use of the asterisk as the norm. The attribution may be translated to national languages.
- D. Blanket or generic attributions, such as: "All trademarks are the property of their respective owners," are not acceptable.
- E. The Open Group reserves the right to change its trademarks at any time at its discretion.

6. INCLUSION IN LISTING OF LICENSEES

The Open Group reserves the right to include the Licensee Organization's name in a published list of organizations that have taken out this License.

7. DISCLAIMER OF WARRANTY

The Documentation is provided on an "AS IS" basis, without warranty of any kind.

THE OPEN GROUP DISCLAIMS ALL WARRANTIES WITH REGARD TO THIS DOCUMENTATION, INCLUDING ALL IMPLIED WARRANTIES OF SUITABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE. IN NO EVENT SHALL THE OPEN GROUP BE LIABLE FOR ANY SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES OR ANY DAMAGES WHATSOEVER RESULTING FROM LOSS OF USE, DATA OR PROFITS, WHETHER IN AN ACTION OF CONTRACT, NEGLIGENCE OR OTHER TORTIOUS ACTION, ARISING OUT OF OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THE DOCUMENTATION.

8. GENERAL

- A. This Open Group IT4IT™ Reference Architecture Version 2.1 and Earlier Annual Commercial License automatically renews and is valid provided that payment of its annual fee is received by The Open Group as follows:
 - (a) As a member in good standing of The Open Group IT4IT™ Forum, no additional fee is required; this license automatically renews on your membership anniversary date with your paid membership fee.
 - (b) As a non-member of The Open Group IT4IT Forum, unless you give The Open Group (60) days written notice prior to its anniversary that you do not intend to continue using the IT4IT Reference Architecture for commercial purposes, this license will automatically renew at its anniversary, at which date the then current annual license fee is due.

- B. The Open Group may terminate your license if you fail to comply with the terms of this Agreement. If The Open Group does so, you must immediately destroy your copies of the Documentation and discontinue all use.
- C. Neither you nor The Open Group is responsible for failure to fulfill any obligations due to causes beyond its control.
- D. This license agreement shall be governed by the laws of England and Wales and all disputes relating to this license agreement shall be submitted to the exclusive jurisdiction of the English courts.

The parties hereto acknowledge that they have read this Agreement and understand it, and they agree to be bound by all its terms and conditions. They further agree that this Agreement constitutes the full and complete understanding and agreement of the parties hereto and supersedes all prior or contemporaneous oral or written communications, understandings and agreements. Any waiver, modification or amendment of any provision of this Agreement shall be effective only if in writing and signed by the parties thereto.
