Organization Registration for Accreditation

To be completed only by organizations seeking to have a Candidate Certification Program Accredited.

Prerequisites

Prior to commencing a registration your organization should submit a number of agreements in hardcopy to The Open Group:

1. You will need to submit a signed [Accreditation Certification Program Agreement](#) to signify acceptance of the terms and conditions of this program. Processing of your registration **can not** commence until this has been received and countersigned by The Open Group.
2. You will need to submit a signed [Accredited Certification Program Trademark License Agreement](#). The Trademark License Agreement states the terms and conditions for use of the Program Logo and Program name in relation to your Accredited Certification Program. A trademark license must be completed before the accreditation process is completed, and before your organization can be entered onto the Accreditation Register.

Please mail two copies of each agreement to Steve Nunn, The Open Group, Thames Tower, 37-45 Station Road, Reading, Berkshire, UK, RG1 1LX. The Open Group will countersign and return a copy to you. To expedite the signature process, in addition you can fax the signature pages of the agreement to +1 240 250 6102

Check the box to indicate that you have read and understood the prerequisites for entering the program.
